

Kingdom of pleasure

vers1

Come let me take you to kingdom of pleasure

Finding the way is the ultimate measure

Open your heart to a different start.....

Minutes and hours are covered in flowers

kindness and love are the dominant powers

Hated and greed never find the way through

This will not happen for me and for you

Stick 1

Oh yes it's nice to see, oh oh oh , oh yes it's nice to be, oh oh oh

vers 2

Open your mind to another dimension

Knowledge you never have given attention

Use every sense when you try to condense

Study the frame you allow for yourself

Notice your feelings in sickness and health

Question the things you find silly to do

Stop if it's not beneficial for you

stick 2

oh yes it's nice to feel, oh ho oh, oh yes it's coming real, oh oh yeah
