

Reflections

Vers 1

C Cmaj7 Dm G7
Down in the village where all lived before
C Cmaj7 Dm G7
I met a woman from the neighbouring door
F13 Em G13 Am
she told me that she just happened to meet
Dm G7 C
a man who's too big for his feet

Refräng

Am E7 F G0
Are you afraid of the things you might see
Dm G7 C C+ Am C+
If you just look inside of me
Am E7 F G0
Are you aware of things outside your head
Dm G7 C C+ Am C+
or do you turn inside instead

Vers 2

There was a time when we all played around
pointing at clouds as we layed back on the ground
no one is watching the clouds anymore
and there's no girl that I adore

Refräng

Vers 3

I saw the oak tree that's hollow inside
It would not hide me now I never even tried
everything seems so much smaller today
It doesn't matter anyway
