Refräng

Bm E7 A7 D6
Gliding gives a feeling like you're flying in the sky
Bm E7 E7sus4 E7 A E11
In control of power, do you see the reason why?

Vers 2

Rolling out to the countryside
watch the horses that's lost their pride
spending time standing side by side chewing grass, as we pass
Yellow colours from rapeseed filds
DNA tricks give better yields
water sprays giving misty shields in the air, is that fair

As the Sun sets far in west we turn our way back home
and we long for summer nights as lovely as in Rome
